

Chesapeake Human Resources Association
PHR/SPHR Professional Certification Preparation
Fall 2007 - 33-Hour Evening Class in Towson

You can strengthen your Human Resources knowledge by participating in a comprehensive review of the HR functions, while preparing for either the Professional in Human Resources (PHR) or the Senior Professional in Human Resources (SPHR) exam. The PHR/SPHR Professional Certification Preparation class provides an intensive HR review by highlighting areas that may require further study, providing a forum for shared discussions and enriching test-taking skills. All class instructors have extensive HR-related experience, and hold the SPHR credential.

The PHR and SPHR are intended for professionals who have at least two years of exempt-level HR work experience. The Human Resource Certification Institute (HRCI) highly recommends that PHR candidates have 2 to 4 years of exempt-level HR work experience and the SPHR candidates have 6 to 8 years' experience. For more information regarding exam registration and deadlines please visit the HRCI web site at www.hrci.org or call 800-283-7476 for a no cost certification handbook. Thirty-three hours of instructor-led facilitation will be held at the Corporate Resource Management facility in Towson. Listed below are testimonials regarding our certification preparation:

"I chose the challenge of the PHR certification for personal and professional reasons. Personally, I wanted to learn more about all of the facets of HR since most of my experience has been in Training and Development. I also wanted to become more marketable when the time was right to move on. Professionally, I felt that I could offer more to my organization if I had a broader knowledge of HR. They also encouraged me to seek out the certification. It was a very difficult process - juggling work, home, kids, etc. The CHRA course curriculum was awesome. It made me want to stay on target with my reading assignments since I knew the information would be discussed on that Tuesday night. I'm so proud of myself that I was able to make my dream a reality". Tehera Valentine-Wyatt, PHR
